Dear Harold,

Thank you for sending me a copy of "Photographic Whitewash." It is definitely the best yet.

For my convenience, please cash the enclosed money order right away, and just put me on the list for your next $ 12 worth of books (Doc. WW, documents for CIA WW, index to WW II, etc.). (Any excess is a contribution.)

I hope that you will be able to publish the documentation for CIA WW, even if it has to be in a special high-cost edition. These documents certainly should be more available than they are now. I think many readers will appreciate the opportunity to check your interpretations of this material, and would enjoy studying it themselves (to see if you have missed anything.) You could title it "Volume XXVII - the new old evidence" and have Sen. Kuchel write a foreword ....

Sincerely yours,
Paul
